

## The Book of Clever Beasts

Myrtle Reed (1874 - 1911)

A humorous book, hitting off the many writers who have returned to nature and made intimate friends in the Animal World. The author describes the super-human intelligence to be found by the discerning among our kindred of the wild. All those who love gentle humor will be entertained by the whimsical story of "Little Upsidaisi", and no reader can fail to laugh at the antics of "Jagg, The Skootaway Goat".
